**Cc:** Walk, Roger A.  
**Subject:** Submission of abstract to ASIATIX II

Dear Dr. Reininghaus,

As discussed over the phone I have just spoken to Prof. Myung-Haing Cho, Secretariat of ASIATOX II, concerning the presentation of poster in the conference. He assured me that a poster can be presented in ASIATOX II by a registered attendee whose name does not appear on the poster as an author. Abstracts (one original and one copy) must be submitted on paper.

As indicated in the program abstract without registration and payments would not be accepted. Therefore it would make sense that you send an electronic copy of the abstract to me and I will submit it together with my registration for the conference.

**Mingda Zhang, Ph.D.**
